

Current Volunteer Opportunities

1. Review the calendar for Work Day notices
2. Be proactive and bring to attention any projects that you want to complete that you feel will benefit the club. Just send an email to kinnicum@gmail.com so we know what you are planning to do.
3. Build a lean-to on the side of the clubhouse to cover the plow truck. A concrete pad will also need to be poured.
4. Build a roof and shooting benches at the rim-fire range. Use the 100 yard range as an example.
5. Build a shooting bench at the 50 yard range. Modifications will need to be made to the existing structure.
6. Paint or repair the signage at all of the ranges so they can be clearly read.
7. Draw up plans on improving the archery range. Use the 50 yard range as an example.

(All material costs are reimbursed for any project)

Notes:

- ❖ Dues notices were sent out in December. Payments are due no later than the March membership meeting. The combo will be changed after the meeting.
- ❖ Chester Rod & Gun Club is looking for interest in starting a Junior Rifle League. If you have children and are interested in Kinnicum supporting this activity, please email us at kinnicum@gmail.com.
