AUGUST 2010 Newsletter

State Championships June 25th – 27th 2010

The dust has finally settled and Kinnicum Fish & Game is proud to present the NH state Champions and the H.O.A. champs.

Men's Champion Jimmy Spurs and Woman's Champion Crystal Creek Chris

The shooting was hot and heavy despite the high heat and humidity. The 90 plus shooters showed no fear facing the very imaginative stations designed around your favorite TV westerns. Young and old giving their all for that top spot. It was amazing to witness the speed and accuracy of these cowboys and cowgirls. Not just the shooting was fascinating. The costumes some of them worn were as interesting as their shooting.

Even the gun carts showed a lot of imagination as seen with this one designed and built by OwlHoot, the War Wagon.

But none of this would have been possible without three of the most dedicated cowboys we have the privilege of having as members to Kinnicum. The White Mountain Regulators, Steve Sequin aka Captain Morgan Rum, Match Director. Phil Fog aka Callous Clyde and Joe Morris aka Dakota Joe is responsible for designing and writing the scenarios. These three really put their heads together and came up with a very impressive and fun filled event for all. They couldn't do it alone. The list of help they have to make this all come together is quite impressive. I would like to thank Rusty P Bucket from Pelham F&G and Piney woods from the Country Pond F&H for targets and props needed to pull this off. As always the kitchen staff was awesome. Chris, Ken, and Moose I can always count on you guys. Thank you. I think you would have to agree having the young blood of Jackie Kuhn, Molly Gardner, Alex Hadik, and Matthew Trombley there with us really kept us going when we were ready to cry uncle. The four of them did a fantastic job and I can't wait for them to take the kitchen over. They really know what they are doing. Jim Zattler what can I say. You're always there when we need a job done. For everyone else that I didn't name, you all did an outstanding job and I think you are all awesome.

It is all over now and I think we are all looking forward to recouping from it all. This is an amazing group of people who came together and made it all a success and I am very proud of all of you and look forward to working with all of you again. The work force from the membership and the White Mountain Regulators, which a lot if not all of them are Kinnicum members were the driving force of it all. None of this would have been possible without them.

Probably the most important person in all this is the person the shoot is named for. Flat Gap Jack aka John Garst, A real Kinnicum cowboy.

For more details please contact the web site shooting bums. Then click on the White Mountain Regulators link to find more pictures and details of the shoot.

I think I am about at the end and those of you who missed it really missed quite a show. These cowboys and girls do a great job of making the shooting sports fun and enjoyable for all. If you get a chance try and attend the next one you won't be sorry. This is one group of amazing and interesting people. Maybe we could get one of the cowboys or girls to write about their experience of the whole thing with a little more detail. Until then, happy trails and good shooting.

Mark Trombley President aka Kinnicum Kid
